

Make Your Facilities 'COVID-19 Safer' for Longer

Optimise health & safety for faculty & students
As at **May 2020**

Hard Surface Disinfection & Ongoing Protection

Aeris Active provides hospital grade disinfection on hard surfaces with ongoing anti-bacterial protection for up to 7 days or 200 touches, leaving surfaces COVID-19 safer for longer:

- ✓ Extended protection against bacteria in high traffic areas for up to **7 days** or **200 touches**
- ✓ Solves mould & mildew
- ✓ Safer than bleach
- ✓ Greenest option available
