

MULTI-ENZYME CONDENSATE PAN TABLET

FOR USE IN AIR CONDITIONING DRAIN PANS AND TRAYS

PREVENT BIOFILM BUILD-UP

Over time biofilm builds up in condensate trays. A build-up of contaminants can cause blockages in condensate drain pans and drain lines. This can cause water to overflow and risk damage to equipment and property.

For best practice and optimal result - pair with Multi Enzyme Coil Cleaner & Indoor Coil Treatment as below:

PRODUCT OVERVIEW

The **AerisGuard™** Multi-Enzyme Condensate Pan Tablet is an advanced multi-functional composition containing specifically selected enzymes & biocides to minimise biofilm formation in condensate drain pans and drain lines. Safe and effective removal and prevention of biofilm minimises the risk of blockages and condensate overflow. This minimises the risk of property damage.

The **AerisGuard™** Multi-Enzyme Condensate Pan Tablet is contained in a unique cage, which has been engineered to ensure that it can be located in the most effective position in the condensate tray.

- ✓ Tablets are designed to last 6-12 months depending on condensate levels within the system providing protection between maintenance inspection intervals.
- ✓ Environmentally safe for waste water discharge.
- ✓ Tablets are supplied in three sizes, which can be used individually or in multiples to ensure adequate system coverage is achieved.

PRODUCT NOTES

- Refer to IFU-015 Control Build-up Using AerisGUARD™ Condensate Pan Tablets
- As a guide use small tablet up to 10kW systems and large tablet over 10kW

MULTI-ENZYME CONDENSATE PAN TABLET

FOR USE IN AIR CONDITIONING DRAINING PANS AND TRAYS

PREPARATION

Product Code	Description	Dilution Rate
AG-PT-SLIM	Multi-Enzyme Condensate Pan Tablet Slimline 10 units	Ready to use
AG-PT-SMALL	Multi-Enzyme Condensate Pan Tablet Small 5 units	Ready to use
AG-PT-LARGE	Multi-Enzyme Condensate Pan Tablet Large 5 units	Ready to use

Product Code	Application Rate
AG-PT-SLIM	One per wall split system AC Unit
AG-PT-SMALL	One per unit up to 30kW
AG-PT-LARGE	One per unit up to 90kW (multiple can be used)

-  **CLEANS**
-  **PROTECTS**
-  **OPTIMISES**
